About

I, Joash Agesa, am a Software Engineer. My passion for software lies in dreaming up ideas and making them come true. My projects consistently reflect attention to detail in: user experience, architecture, and code quality.

I am an open-source enthusiast. I love its aspect of collaboration and knowledge sharing. I am happy to see how what I do could eventually give back to the community and industry.

Working with me is enriching. I bring technical expertise, creativity, and dedication to every project. On top of that, I am always open to learn and adapt.
